Here's something FUN and educational to watch! The Cincinnati Zoo is holding a "Home Safari" live facebook video at 3pm every day, talking and teaching about a different animal each day.

https://www.facebook.com/events/2915534028492292/ or https://www.facebook.com/cincinnatizoo/

If you're not on facebook, the videos can be seen at http://cincinnatizoo.org/home-safari-resources/ after they've finished the live video, so maybe around 3:30 or 4pm.

There are already videos there about hippos and porcupines! Note: Adults ARE allowed to watch - not just for kids! :)
